

Accessories

The best installations start with the best tools. Our network installation line encompasses all the essential tools needed for a job done right! From our innovative JackRapid™ punchdown tool to our forged steel constructed D-Snips cable scissors, look to Fluke Networks.

Dirt, dust and other contaminants are the enemies of high-speed data transmission over optical fibre. Fluke Networks' Fibre Optic Cleaning Kits contains the best fibre optic cleaning tools to effectively remove the toughest contaminants in any fibre network. You can choose between the easy-to-use Quick Clean Cleaners, the convenient cleaning cube/card and the best optic solvent pen to clean both patch cords and fibre end faces inside ports. All fibre optic cleaning materials are lint-free and enable an optimal wet and dry cleaning process.
