

XINTEST HT-M2 Microwave leakage detector

Features

1. LCD digital readout
2. Low leakage volume display for warning
3. Never needs recalibration
4. High sensitivity to the microwave
5. Excellent reliability and high precision

Specifications

Callibrated at	2450MHz
Range	0~9.99mW/cm ²
Warning value	5.0mW/cm ²
Accuracy	+1dB
Power supply	9v battery
