

เครื่องวัดกรดด่าง รุ่น PH-035

pH Meter

- High Accuracy Water Proof **pH Meter**
- PH Electrode is replaceable
- Switchable °C and °F
- Dual measurement LCD display and indeed an easy-to-read results
- Waterproof design to withstand wet environment
- Compact and light weight for mobility
- Easy-push power button
- Has Automatic Temperature Compensation
- Guaranteed high quality and accurate testing results
- Comprehensive operations manual and sturdy carrying case are provided for user's convenience and comfort.

Specifications

- Range: 0.00-14.00PH, 0°C~55°C
- Resolution: 0.01PH, 0.1°C
- Accuracy: ± 0.1 PH, ± 1 °C
- Automatic Temperature Compensation: 0°C~50°C
- Batteries: 4×1.5V(AG-13)
- Operating Temperature: 0°C~50°C
- Dimensions: 188 x 35 x 35mm
- Weight: 98g
