

## เครื่องวัดและควบคุมก๊าซคาร์บอนไดออกไซด์ AMT72

### Wall Mount CO<sub>2</sub>, Temperature, RH Monitor & Controller

#### Features:

1. Dual Beam NDIR (Non-Dispersive-Infrared) technology used to measure **CO<sub>2</sub>** concentration.
2. Three different LED display show the current Indoor Air Quality situation. (HVAC/Green House Mode)
3. Linear analog output (0~10V Voltage, 4~20mA Current) and Relay output based on CO<sub>2</sub> Level.
4. Reliable Sensor provides long-term calibration stability.
5. The visual and audible alarm function can be adjustable by user.
6. Mounting bracket with terminal block provides quick easy installation.
