

TM-730 Pocket Size Temperature/ Humidity Meter

- Measuring humidity, temperature, wet bulb and dew point
- Quick-response capacitance sensor
- Max/Min/AVG and Data Hold
- Auto power off and disable function
- Low battery indication
- Dual LCD display

Application

HVAC inspection

Specification

- Temperature ranges: -20C~50C / -4F~122F
- Temperature Accuracy: +/-1C / 1.8F
- Temperature Resolution: 0.1C / 0.1F
- Temperature update rate: 500ms
- Dew point and wet bulb function
- Relative humidity accuracy:
- +/-3.5% @25C for 20% ~90% RH
- +/- 5% for 1%~19.9% and 1%~99%RH
- Relative Humidity Resolution: 0.1% RH
- Second Relative Humidity response time:
- below 10 seconds
- Power: 2 batteries 1.5V AAA (included)

DIMENSION

- Size :107mm x48mm x23mm(L*W*H)
- Weight (excluding battery) : 80g
